

'BWR Verified'

is assigned to a business having its credentials verified by Brickwork Solutions

A Subsidiary of Brickwork Ratings

About BWR Verified

BWR Verified is assigned to a legal entity having its credentials verified by Brickwork Risk and Investment Management Solutions (Brickwork Solutions).

The BWR Verified Company is assigned with a unique Verification ID and QR Code from Brickwork Solutions. With the help of this ID or Code, a report on the company's profile containing information verified by Brickwork Solutions can be viewed on the website and downloaded if required. The report consisting of the Company's business description, products/services offered, management team information, operating history, awards & recognitions, bankers' /auditors' information and site photographs etc. will be displayed on the website.

Are you
BWR Verified

The company can share the unique Verification ID / QR Code with their customers, suppliers, partners or anyone who are seeking verified credentials of the company, and using this, the verified profile of the company can be accessed on this website. The BWR Verified company can also display the official 'BWR Verified' logo on its website and/or on any other promotional material, indicating that its credentials are verified independently by a third party agency.

This is a simple value added service offered to both the existing and prospective MSME customers. This is not an audit or rating of the client; or recommendation or advice as to investment in or divestiture from the client's organisation or as to entering (or not entering) into any transaction with the client.

You may use the
BWR Verified Logo
in your company's

**Website • Business Cards
Brochures • Stationary
Social Media**

Advantages BWR Verified

The company undergoes an independent, trusted third party verification of its Capabilities, Creditworthiness & Credentials which increases confidence and credibility among its business partners / associates.

Along with the SME rating, this verification helps the company to benchmark itself among its peers.

Increases business opportunities of the company, especially for ecommerce companies or companies having online business.

Helps in enhancing the confidence on the company, among its bankers, customers, investors and suppliers.

Enhances the ability of the company to bargain with its suppliers and customers.

Greater willingness by Banks & Financial Institutions to lend to those units with better credit profile.

Enhances the visibility of the firm among its bankers, customers and suppliers.

Reduces the due-diligence cost and time for the customers & suppliers.

Helps in getting recognition in global trade.

Helps to attract better employees to the company.

Improves perception among Corporate Clients.

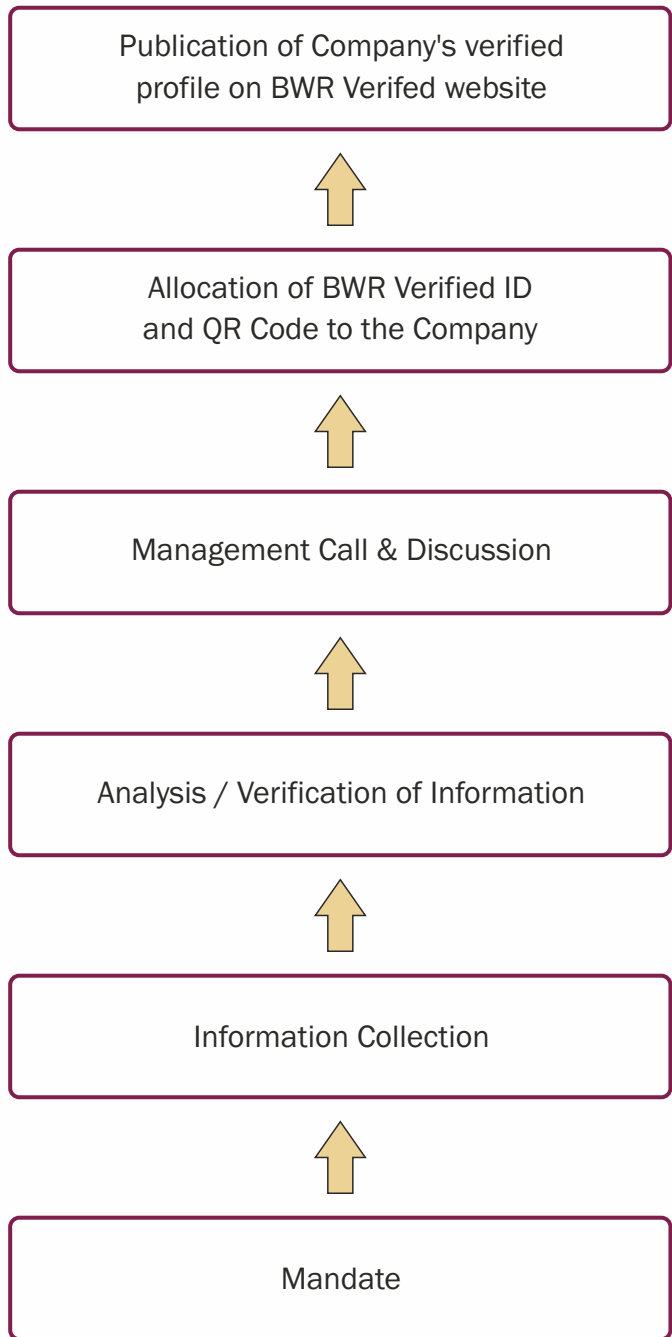

Helps in promoting transparent culture in the small business segment.
